REGARDING THIS LIST OF SALE-PRICED BIKES AT CHAIN REACTION BICYCLES-

First, virtually all TREK and Gary Fisher bikes Chain Reaction sells are sold at prices below the manufacturer's price listed on their website. So you're going to still get a great deal on *any* new bike at Chain Reaction, even if it's not listed here, especially when you consider the effort we go to to make sure you're properly fit to an appropriate bike, and how we take care of it long after it's left the store. (We've included a sizing chart below that will get you in the ballpark of knowing if one of these bikes will fit, but there's a lot more to proper size than a chart, or standing over a top tube, will tell you.)

Second, these bikes are available for in-store purchases only. **NO MAIL ORDER, NO EXCEPTIONS, NO DEALER SALES.** We get people calling up from all over the country wanting to buy these bikes. Sorry, can't be done. Our dealer agreement doesn't allow it, and the value of having a local dealer standing behind the product is huge, and much bigger than any savings you might accrue by trying to mail-order a bike.

Third, these are all closeout bikes limited to stock on hand, subject to prior sale, and cannot be "held." Price and availability were current on the date at the top of this page. Model year is at the front of each bicycle description. First come, first served. Please call before coming in to look at one of these bikes, to make sure it's still available and ready to ride. For our Redwood City store, call 650 366 7130 (or email Mike at MikeJ@ChainReaction.com) . For Los Altos, 408 735 8735 (or email Steve at SteveJ@ChainReaction.com).

FINE PRINT: THE SALE PRICE OF A BIKE IS IN RED IN THE FAR-LEFT COLUMN. The second set of \$\$\$ in red are the savings off our regular price. In other words, the sale price of the bike is the higher of the two red columns. Women's bikes are shown in **fuschia**. Not responsible for errors, so if this list says you can buy a \$3000 bike for \$500, you cannot. I do my best to try and make sure something like that doesn't happen though. If you found this through a Google search, it may not be current. Google has a way of finding out-of-date stuff that is no longer relevant. --Mike--

ROAD BIKE SIZING CHART

| 6'3" - 6'7" | 64cm | |

| 5'3" - 5'5" | 50 | 49 |
| 5' - 5'4" | 47 | 45 |

Note on reading this list: In the description, the bike is listed by Year, Description, Size, Color. So when you see a road bike list this-'08 Madone 4.5 T 52 ONYX CARBON, you're looking at a 2008 (year) Madone 4.5 T (model) 52 (size in cm or inches) ONYX CARBON (color). A " T " standing by itself after the model indicates the bike has a triple crank (3 chainrings).
